3). Matters arising from last meeting:

ACTIONS ARISING FROM ONEGEOLOGY TWG MEETING OF 08/10/2010:

Action point	Action
AP1	Discussions are now taking place between the OneGeology secretariat and Bosnia-Herzegovina
AP2	<i>BGS will work with Clemens Portele for ESRI inc on testbed testing of ESRI software for future ESRI WFS capability</i>
AP3	<i>A bid to the IUGS CGI Council has recently been made to create these tools and documentation necessary for supporting Geosciml 2.1.1 production services. If bid successful, tools and documentation will be produced to support more OneGeology WFS' in 2011.</i>
AP4	<i>email and offer of support from onegeologyhelp@bgs.ac.uk on 09/09/20 has been sent to the 9 buddies hosting approx. 17 WMS' for other Geological Surveys around the world – onegeologyhelp to help them and monitor progress.</i>
AP5	BGR is working on Chad – Markus to pass contact details to Tim.
AP6	Mesfin of SEAMIC offered to host for any of the 'South Eastern' African countries currently on the participants map but clearly not serving/being served.
AP7	Carlo – did not Israel offer to host countries near it at some meeting after Brighton? – ACTION: 1g secretariat to follow up.
AP8	Markus believes BGR offered to host Ivory Coast – any progress Horst-Gunter Tropenhagen ? Action: 1g secretariat to follow up.
AP9	liaison between the BGS 1GG service side support and BRGM 1GG client/catalogue support (not present at this meeting) was required to work out what to propose in practice for enhanced dataset and service metadata and they are due to meet in January 2010 in Orleans to work out a proposal on this. The TWG would be

consulted on these final proposals.

AP10 Tim to report this accreditation scheme feedback to 1G OMG accreditation sub-group.

4). Report and discussion on new core 19115 based Metadata Profile for OneGeology services and datasets – TRD/AT-A

5). Report on progress with publication of GeoSciML v3.0 and hence rollout and support for OneGeology level 2 WFS' with cookbook and open source software and schematron validation support

5). Report and discussion of new OneGeology 5 star service accreditation scheme – TRD

6) Report on OneGeology portal improvements, current and planned, based on the above developments – AT-A
